

PRINCE PALEWAR

REACT JS DEVELOPER | FRONT END DEVELOPER

9130360345 | princepalewar123@gmail.com | www.linkedin.com/in/prince-palewar-987a76161

Enthusiastic and detail-oriented ReactJS developer with a solid foundation in web development. Proficient in creating responsive, user-friendly interfaces using ReactJS. Eager to contribute technical skills, a strong work ethic, and a passion for learning to a dynamic development environment.

EDUCATION

S.B. Jain Institute of Technology, Management & Research, Nagpur

2021

Bachelor of Engineering in Information Technology | CGPA: 8.49

SKILLS

Technical Skills: ReactJS, JavaScript, HTML & CSS, Tailwind CSS, Redux Toolkit, Git(basics)

Soft & Analytical skills: Problem Solving, Communication, Adaptability, Time Management, Continuous Learning, Decision making.

PROJECTS

Netflix-GPT (<https://netflix-gpt-87774.web.app>)

- Developed a Netflix clone using React JS, integrating the TMDB API to dynamically fetch and display movie data. Utilized Redux Toolkit for efficient state management and seamless integration of movie data.
- Ensured a secure and seamless user experience by integrating Firebase for user authentication.
- Enabled users to create accounts and log in securely, enhancing the overall user experience and fostering a personalized interaction
- Implemented language feature where user can access the app in different languages, this will improve the overall user experience.

Learn Tube

- Developed a dynamic YouTube app using ReactJS, integrating the free YouTube API to display videos within the application.
- Implemented a live chat feature for real-time interaction and engagement, enhancing user experience.
- Engineered an intelligent search functionality that provides users with diverse video suggestions based on entered keywords.
- Designed and implemented an effective debouncing mechanism to reduce API calls and enhance application performance.

Food App

- Employed effective API communication techniques, contributing to a responsive and dynamic user interface.
- Integrated Swiggy's live API to fetch and display up-to-date information about restaurants, ensuring users have access to the latest menus and details within the food app.
- Implemented a robust cart functionality, allowing users to seamlessly add and manage their selected food items, enhancing the overall user experience.

Extracurricular Activities

- PRO Head, Member of Koshish Club
- **Interests:** Reading Book, Playing Guitar, Fitness
